

British Gymnastics Insurance & Hawth Gymnastics Membership

October 2009 - September 2010

As advertised in our February 2009 newsletter, published on the gym notice board and our web-site, we are reintroducing the annual Hawth Gymnastics membership.

This was put on hold when we first moved into K2 because of a planned membership fee to K2. Following a recent management meeting it was decided to start our membership scheme from October 2009. This would eliminate having to issue a letter for BG membership and Hawth membership separately and therefore only having to deal with one cheque from each member.

	BG membership	Hawth Family membership
Pre-school	£ 10.00	£ 2.00
Junior	£15.00	£ 5.00
Competitive	£ 36.00	£ 10.00

British Gymnastics membership

British Gymnastics offer NO family discount.

ALL gymnasts have to pay the full British Gymnastics membership fee according to their individual category.

Your child will not be insured if you do not pay your membership and we will not be able to accept them in our classes.

Cheques should be made payable to
“HAWTH GYMNASTICS BG ACCOUNT”

Your membership/ insurance to British Gymnastics and Hawth Family membership is due every September. We need to collect early to enable us to process our membership of 1,200 to British Gymnastics by 1st October. If you join after after September, you will have to pay as soon as you start, though you may be eligible to pay a reduced rate for BG membership

You are welcome to pay by post to the PO Box or in the post box inside the gym at from any outstanding fees.

Please note if you do not pay by the end of September, your child will not be insured and therefore will not be able to take part in their gymnastics class.

Our Parent Network Group have worked extremely hard over the last 3 years in fund raising to enable us to buy new equipment, but with only a limited amount of support they are beginning to struggle to keep up with the amount required to maintain and replace equipment.

The club membership will help towards the upkeep of the gymnastics equipment that all the children use. Gymnastics equipment is very expensive; here are a few examples of what we have brought with the help from our Parent Network Group over the last year: £2,500 on new foam for the pit, over £3,000 on a new set of P-bars and £1,300 on a new trampette.

Hawth Gymnastics family membership

The child that falls in the highest cost category is the fee you will pay for your family membership. e.g. If you have a pre school child and a junior child you would pay £5 only, or if you have a junior child and a competition child the fee would be £10.

Please list on your membership form ALL the family members you are including in your Hawth Gymnastics Family membership.

Hawth Membership & insurance

1st October 2009 to 30th September 2010
